

**AFAA AGM 4th August 2022:  
Report on AFAA Australian Fulbright Alumni Association Mentoring Program.**

**Participation:**

**Timeline:**

**Current/ongoing actions:**

Thank you email, as update and acknowledgement, sent to (new) registrants;  
 Now undergoing third matching, via contacts to individuals;  
 Follow-up with existing contacts: reminders, agreements not yet signed; sundries.

**Discussion:**

1. We look forward to further consolidation of the mentoring scheme as part of AFAA activities, and future alignment with FCA.
2. AFAA media platforms seem to have helped our outreach.
3. Given our growth, we envisage the need for some admin help for tasks like ongoing and follow up contact with participants once we have established matchings. This could either be part of an AFAA intern duties, or as a casual paid assistant.
